Ms. Barr is an Occupational Therapist with more 35 years of clinical practice and expertise, in both facility and community rehabilitation.

For the past 28 years Gillian has passionately provided assessment and treatment, with a keen focus on hand and upper extremity injuries. She is a highly regarded Certified Hand Therapist (CHT) and is qualified to fabricate orthotics (splints) for both upper and lower extremity needs. In addition, she also has an interest in assessing and treating the needs of individuals with acute care needs, return to work planning and ergonomic assessments.

Gillian has conducted numerous educational and training sessions with a focus on Workplace Ergonomics.
