

Jessica has successfully completed her Master of Physical Therapy, Master of Science in Kinesiology, Neuroscience stream, and Bachelor of Science, Biological Sciences. While practicing as a

Physiotherapist, she has continued to pursue academic courses further enhancing her skills as a Physiotherapist, including: Biopsychosocial Reframed, The Role of Physiotherapy in Treatment of Pelvic Pain in Cis-Female & Cis-Males, The Physical Therapy Approach to Female & Male Urinary Incontinence; Concussion Management Workshops, Level 1 & 2; Level 1, Advanced Orthopaedic Manual & Manipulative Physiotherapy, Temporomandibular Joint Management (TMJ) and AA1: Foundations of Anatomical Acupuncture (Acupuncture Canada). Her practice to date has focused on assessing and treating clients, of all ages, with musculoskeletal/soft tissue injury, orthopedic injury, concussion management and post-operative care.

Jessica's compassionate, effective communication combined with her strong leadership, continue to delivery positive rehabilitation outcomes for her patients.
