Maggie completed her Master of Science degree in Occupational Therapy from McMaster University, after completing her Bachelor of Applied Science, Adult Development, from the University of Guelph. While attending McMaster University she gained valuable experience and knowledge from each of her academic placements including; a Long Term Care Facility, Canadian Mental Health Association, McMaster Children’s Hospital and Hamilton General Hospital. Her role encompassed assessing, treating and implementing compensatory strategies to aid individuals of all ages, with physical, cognitive and/or mental health challenges. Maggie continued her desire for learning and sought additional opportunities with a focus on Frailty eLearning Modules including Addictions, Cognition, Delirium, Falls, Frailty, Heart Failure, Incontinence, Medication Review, Nutrition & Pain, the Chedoke McMaster Stroke Assessment Workshop, and the Applied Suicide Intervention Skills Training. Maggie will be providing in-home assessments and treatment to increase functional independence for adults and children with varying neurological disorders, orthopaedic injuries, chronic pain, psychological disorder, and injuries suffered through trauma. She is an Occupational Therapist based out of Kitchener Waterloo and is a registered Occupational Therapist with the College of Occupational Therapists of Ontario (COTO) and Canadian Association of Occupational Therapists (CAOT).
