

Monique is an Occupational Therapist at DMARehability. She earned her Bachelor of Science in Occupational Therapy, First Class Honours from Dalhousie University. She has continued to demonstrate her passion for learning and has attended numerous educational courses. She is an Assistive Devices Program, (ADP) Authorizer, she earned her Montreal Cognitive Assessment (MoCA) Certificate and is an Ontario Association for Driver Rehabilitation Specialist.

She began her career as an Occupational Therapist in 2001 and has dedicated her practice exclusively to the working for injured clients and their families. Her practise has allowed her to gain valuable knowledge and expertise working with the elderly population in Long Term Care and Veterans Affairs Canada. Her experience has encompassed completing Worksite Assessments, Ergonomic Assessments, In-Home Assessments and Driving Assessments. Her scope of practise includes assessment and treatment related to physical, affective and cognitive function, the prescription of assistive devices and rehabilitation.

She has handled a wide variety of injuries for people of all ages, and has the expertise and dedication required to achieve a successful outcome, no matter how complex the case. A passionate advocate, Monique strives to assist her clients in their recovery and in the pursuit of their goals. She will work with you and your rehabilitation team to ensure the best possible outcome.
