

Tami has worked in both the insurer medical case management and community based rehabilitation field for over 15 years. While providing rehabilitation consultation and case management services in Southwestern Ontario her clinical focus includes building strong working relationships with trauma networks, hospitals, treating specialists, community resources and families in order to provide creative and collaborative recovery paths for both pediatric and adult clients. Tami has extensive knowledge of the cognitive, behavioural, physical and psycho-social challenges faced by clients who have been diagnosed with mild to severe acquired brain injury, spinal cord injury, orthopedic injuries, and/or psychological issues. Tami will also be working with the marketing team, to foster the continued growth and development in Southwestern Ontario.
